### Buy Today and Save:

Save time. Save energy. Save money now and every time you start the engines. Eclipse Aerospace brought together the most innovative minds in aviation and they have created an aircraft that truly delivers. It's fast. It's efficient. It's quiet and comfortable. Most importantly, it's safe and reliable. And it can be yours today.

### Want a million dollars off of your aircraft purchase?

Buy an Eclipse jet and you'll save a million dollars compared to our nearest competitor. Want value? Compare the the Eclipse Jet to our competitors and you'll see that saving money doesn't always mean sacrificing the safety, luxury, speed, and efficiency that you expect from a jet aircraft.

### To purchase an Eclipse Jet:

If you want to fly the most fuel-efficient twin-engine jet on the planet, all you need to do is contact Eclipse Aerospace's Customer First Team via the contact information above. The Customer First Team can schedule a demo ride at an airport near you and further explain the benefits of owning an Eclipse Jet. With deliveries in typically less than 90 days, you can be enjoying all the benefits the Eclipse Jet has to offer in no time at all. You pick out the interior styling you prefer, as well as the striping pattern and colors, we customize your jet and take you or your pilot through training. It's that easy!
